Milestone 2 - Logic Luminaries

User Stories Table

ID	User Story	Priority	Persona	Scenario	Individual Evidence
US - 1	As a student, I want a breakdown of safety scores so I can better judge the safety of the area.	High	Jake (Student)	S-1	Willliam Bradley
US - 2	As a student who uses SafeDex in low light environments, I want a dark mode to reduce the strain on my eyes.	Low	Jake (Student)	S-2	William Bradley
US - 3	As a busy working professional, I want to favourite a property listing to view later when I am available.	High	Luisa (Working Professional)	S-1	Sajida Khan
US - 4	As a busy working professional, I want to be able to send a property listing to my family and friends to get a second opinion.	Medium	Luisa (Working Professional)	S-2	Sajida Khan
US - 5	As a busy working professional who is neurodivergent, I want to be able to limit the number of properties I can view on one page so I can focus on the listings that are relevant to my preferences.	Medium/ High	Luisa (Working Professional)	S-3	Sajida Khan
US - 6	As a young professional woman with long working hours, I want to be able to filter for safety indicators, transport links and crime data trends so I can be well informed about the local area.	High	Luisa (Working Professional)	S-4	Sajida Khan
US - 7	As a deaf renter relocating to a city, I want a detailed visual and text-based breakdown of neighbourhood safety scores so that I can confidently judge whether an area is safe without relying on auditory cues.	High	Emily (Deaf Renter)	S-1	Can Tugcetin
US - 8	As a deaf user relying on visual information, I want route navigation from the listing to public transport areas to provide text-based directions, labelled hazard icons with descriptive text, and indicators showing whether transport stops have visual announcement boards.	Medium/ Low	Emily (Deaf Renter)	S-2	Can Tugcetin
US - 9	As a student, I want to save properties and neighbourhoods so I can view their information again.	Medium	Eva (Student)	S-1	Isabelle Hammond

US - 10	As a student, I want to filter by safety score so that I can ensure that I only view neighbourhoods I deem appropriately safe.	High	Eva (Student)	S-2	Isabelle Hammond
US - 11	As a student, I want to compare two properties so that I can compare their different amenities and safety details.	Medium	Eva (Student)	S-3	Isabelle Hammond
US - 12	As a community development director, I want to access organized crime data across the city so that I can efficiently make accurate decision to improve neighbourhood safety issues.	High	Alex (City Planner)	S-1	Yong Ke Wei
US - 13	As a community development director, I want to filter and compare safe areas using a city heatmap to identify highly qualified areas for development projects.	Medium	Alex (City Planner)	S-2	Yong Ke Wei
US - 14	As a dyslexic City Planner, I want to compare neighbourhoods efficiently so that I am not mentally overwhelmed by large blocks of text	Low	James (City Planner)	S-2	Amanda Ohuegbe
US - 15	As a dyslexic City Planner, I need to be able to change the background colour so that it is easier to process information	High	James (City Planner)	S-1	Amanda Ohuegbe
US - 16	As a dyslexic City Planner, I need a dashboard/drop down menu with simple icons so that I can easily use SafeDex	Medium	James (City Planner)	S-1	Amanda Ohuegbe
US - 17	As a disabled renter with chronic fatigue syndrome, I want to compare houses in a remote area so that my symptoms do not arise in a peaceful environment	High	Jeremy (Disabled Renter)	S-1	Irfan Hashahrul Izam
US - 18	As a disabled renter, I want to be able to use keyboard accessibility on SafeDex so that I able to reduce the physical strain of using mouse and keyboard simultaneously.	Medium	Jeremy (Disabled Renter)	S-2	Irfan Hashahrul Izam
US - 19	As a student, I want to filter properties by price, location and safety so I can find a suitable property within my budget from campus that is relatively safe.	High	Jake (Student)	S-1	William Bradley
US - 20	As a colourblind student, I want to be able to change the colour of the background and text, so it is high contrast and easy to read.	Medium	Eva (Student)	S-4	Isabelle Hammond

Feature Identification Table

Feature ID	Feature Description	Derived from (Personas & User Stories)	Priority
F-1	View/Breakdown of Neighbourhood Safety Score	S-1, US-1 S-1, US-7 S-1, US-12 S-1, US-3 S-1, US-17	High
F-2	Customise Display Settings (including text size and colours, screen contrasts)	S-2, US-2 S1, US-15 S3, US-20	High
F-3	Save and View Favourite Listings & Neighbourhoods	S-1, US-3 S-1, US-9	Medium
F-4	Visual Clarity: Text and visual-based descriptions with breakdowns	S-1, US-7	High
F-5	Breakdown of route safety and accessibility to nearby public transport from specified or within neighbourhoods	S-2, US-8 S-4, US-6	High
F-6	Compare Neighbourhoods and Property Listings	S-2, US-13 S-2, US-14 S-3, US-11 S-1, US -17	Medium
F-7	Filter by features such as Safety Score, and Neighbourhood Watch	S-2, US-10 S-4, US-6 S-1, US-19	High
F-8	Limit the number of listings/neighbourhoods available to view on a single page	S-3, US-5	High
F-9	City-wide heatmaps for criminal activity hotspots and trends	S-2, US-13	Medium
F-10	Map of crime data for filtering and surveying	S-2, US-12 S-4, US-6	High
F-11	Simple drop-down menu with generic icons	S-2, US-16	Medium
F-12	Share a listing/neighbourhood rating to another user	S-2, US-4	Low
F-13	Keyboard Accessibility	S-2, US-18	Medium
